Pathway Star™

The Outcomes Star for people overcoming barriers to work

Copyright information

Triangle Consulting Social Enterprise Ltd is the copyright holder of the Pathway Star. In order to support consistency of use and effective implementation, the creation of derivative works is strictly prohibited and users are required to buy a licence and train all workers using the materials with young people. See the website for full copyright information www.outcomesstar.org.uk

This version of the Outcomes Star is for people who need considerable support if they are to move towards work. This includes people currently facing significant barriers to work, such as health or housing problems, substance misuse, crime, domestic abuse, family culture (including generations of people not in work) or household finances.

People who are already able to apply for work or training are advised to use the Work Star. People reach the top of the Pathway Star scales when they are actively moving towards a working future and are either ready to engage with mainstream employment services or engaged in supported work or volunteering, if that is more suitable for them.

How to print the flashcards

Each card is designed as A5 in size. They can be professionally printed or printed on standard office printers. They have been designed to fit two to an A4 page and to be printed double-sided and then cut out, with the main area on the front of the card and additional images and text for prompts on the back.

Set the document to print in colour or black and white, double-sided, long-edge binding.

- If your printer allows you to print to the edge of a page, scale at 100%. If it does not, you can print the document at “scale to print” and trim off the white borders
- A professional-print pdf with full 3mm bleeds is available should you wish to get the cards professionally printed onto cardstock.
